NOMA

For the last six years, the NoMa BID has worked with the DC Walls Mural Festival (formerly known as 'POW WOW DC') to add murals to overlooked walls in the neighborhood. The result has been more than 90 murals, dozens of beautified spaces, and a series of memorable events through which local and international artists connect directly with the community.

Although some murals have been replaced by new buildings and most of the murals on the wall adjacent to Alethia Tanner Park (#1-14) are replaced by new artists each year, there are currently 42 DC Walls murals on display in NoMa. You can find them using the map and mural overview provided in this document.
